Tents & Accessories

Pricing for Tented Events

Every tented event, and event site, is unique; an on-site evaluation by one of our experienced sales staff is necessary in order to determine the type and size of tenting required, based on the site conditions, and the accessory items that will be needed to properly equip your event.

We will be happy to discuss your event over the phone, and provide you with some basic “ball park” pricing. However, we cannot provide a firm price quote until we’ve had an opportunity to visit the site and assess the conditions. Following a visit to your site, we will provide you with a firm, itemized price quote (and in most cases, a CAD drawing of the suggested floor plan), for your consideration.
